Power listed is EIRP, Modular Approval. Class 2 Permissive Change Application as
described in this filing. This device is limited to OEM Installation only. The antenna
used for this transmitter must be installed to provide a separation distance of at least 20
cm from all persons and must not be co-located or operate in conjunction with any
other antenna. OEM Integrators and end-users must be provided with transmitter
operational conditions for satisfying RF exposure compliance. Except for the
configuration described in this filing, separate approval is required for all other
operating configurations, including portable configurations with respect to 2.1093.
